

## VS2: Design Changes

Three years after the seminal Project Versus graphic design exhibition, 19 Pinoy design studios—;from industry stalwarts to envelope-pushing youngbloods, come together for Versus 2 this 2009. Inspired by legendary designer, Milton Glaser’s Designism movement, Versus 2 is a charity exhibit benefiting two fledgling NGOs that champion the arts: The Farm Projects (<http://www.thefarmprojects.org> ) and Outlook Pointe Foundation OPF (<http://www.theopf.org> ).

Furthering the social thrust of the exhibition, the various artworks will revolve around the eight life-changing Millennium Development Goals of the United Nations (<http://www.un.org/millenniumgoals> ).
